

### LEARNING TO PRESENT AND EDUCATE YOUR CUSTOMERS

on the benefits of chemical additives and cleaners can unlock a reliable stream of unexpected revenue for your quick lube shop. From fuel injector cleaners to transmission fluid modifiers, these products give operators an opportunity to boost their bottom line.

That's why NOLN created its Guide to Additives and Cleaners. This handy resource helps operators uncover sales opportunities or turn unsold inventory sitting on your shelves into profit. With this guide, NOLN aims to help operators drive more sales—and strengthen their financial performance.

For a more complete list of this year's additives guide, visit [noln.net](http://noln.net). In the charts that follow, A = Additive, C = Cleaner.

# 2024 GUIDE TO ADDITIVES & CLEANERS

PRODUCT NAME	TYPE	PURPOSE/DESCRIPTION OF CAPABILITIES
<b>BG EPR® Engine Performance Restoration®, PN 109</b>	C	Cleans micro passageways to maintain the critical hydraulic function of components. Removes carbon deposits. Restores compression. Improves overall power and engine efficiency. Excellent for maintenance of diesel and gasoline direct injection engines.
<b>BG Advanced Formula MOA®, PN 115</b>	A	Fortifies engine oil and protects engine components. Prevents sludge and varnish, keeps piston rings from sticking, reduces wear, and stabilizes oil viscosity. Allows safe extended oil change intervals. Low speed pre-ignition (LSPI) safe. Compatible with API SP and GM dexos1™ Gen 2 licensed engine oils.
<b>BG Platinum® 44K® Fuel System Cleaner, PN 208</b>	C	Cleans the entire fuel system. Reduces problems caused by deposit buildup, such as engine surge, misfire, stumble, hesitation, and power loss. Restores power output and engine performance. Improves drivability.
<b>BG CF5®, PN 203</b>	A/C	Keeps the entire fuel system clean and deposit free. Protects against the harmful effects of ethanol. Prevents fuel degradation and corrosion. Restores fuel economy and horsepower.
<b>BG Universal Cooling System Cleaner, PN 540</b>	C	Removes scale, oil, harsh mineral deposits, and tough residues in the coolant system. Helps solubilize and remove corrosion.
<b>BG Universal Super Cool®, PN 546</b>	A	Provides outstanding protection for all metals used in cooling systems, and restores additive balance and proper coolant pH. Compatible with all domestic, Asian, and European applications. Protects all classes of gasoline and diesel engines.
<b>BG Quick Clean for Transmissions, PN 106</b>	C	Removes accumulated deposits from the valve body, filter screen, and other automatic transmission, CVT, and wet clutch DCT and DSG components. Extends transmission and fluid life.
<b>BG ATC Plus®, PN 310</b>	A	Improves shifting characteristics of all types of automatic transmissions. Prevents deposit formation and thermal breakdown of fluid, protects against clutch wear, and keeps seals soft and pliable. Extends fluid life and life of the transmission.
<b>BG CVT Plus, PN 303</b>	A	Enhances the properties of new and used fluid in continuously variable transmissions, wet dual clutch transmissions and direct-shift gearboxes. Prolongs fluid life, prevents deposit formation, and improves fluid oxidation stability and anti-wear characteristics. Compatible with all CVT, DCT and DSG fluids.
<b>BG Aerosol Carbon Eliminator, PN PF06</b>	C	Removes deposits and other accumulated contaminants that build up in fuel/air induction systems. Removes carbon from the intake system, softens and removes carbon from the intake valves. Cleans, lubricates, and protects the butterfly/throttle valve, throttle body, and idle air control valves.
<b>BG Platinum® Air Intake, Valve &amp; Combustion Chamber Cleaner, PN 261</b>	C	Removes heavy deposits from the backs of valves and in air intake systems of gasoline direct injection (GDI) and port fuel injection (PFI) engines. Restores fuel efficiency, engine performance, and power. Reduces harmful exhaust emissions.
<b>BG DOC®, PN 112</b>	A	Prevents acid corrosion and sludge formation, reduces friction and wear, and stabilizes viscosity. Compatible with all conventional and synthetic diesel engine oils.
<b>BG Diesel Fuel System Performance Restoration, PN PD15</b>	C	Keeps injectors and combustion chambers clean, reduces carbon packing of piston rings, and restores optimum fuel efficiency. Reduces cold start problems, and mixes with all diesel fuels.
<b>BG DFC Plus® HP2, PN PD14</b>	A/C	Keeps injectors clean, reduces exhaust smoke, prevents fuel gelling, corrects nozzle fouling, improves lubricity, and prevents corrosion, while also stabilizing the fuel. Mixes with all diesel fuels and optimizes cold weather performance.
<b>BG Diesel Thaw®, PN 256</b>	C	Quickly thaws gelled diesel fuel and restores fuel flow, stays fluid in very low temperatures, and prevents entrained water from freezing. Mixes with all diesel fuels.
<b>BG Universal MGC®, PN 328</b>	A	Protects both conventional and limited slip differentials, enhances lubricant film thickness, and improves thermal stability. Reduces component wear, chatter, and gearbox temperature.
<b>BG Frigi-Fresh®, PN 708</b>	C	Kills mold, mildew, fungi, and other odor-producing organisms in climate control systems. Works without costly manual cleaning of the system. Deodorizes automobile interior. EPA-registered virucide, bactericide, and fungicide.
<b>BG Battery Cleaner – Acid Detector, PN 485, and BG Battery Terminal Protectors, PN 987</b>	C	Cleans battery terminals, cables, and carriers, and detects presence of acid by turning red in color. Protects battery terminals from corrosive buildup. Lengthens battery life.

# C.A.T. PRODUCTS/RUN-RITE

570-402-1154

run-rite.com

PRODUCT NAME	TYPE	PURPOSE/DESCRIPTION OF CAPABILITIES
<b>2 Step GDI Maintenance Kit</b>	A/C	The two-step kit with Nano technology to clean and improve performance. Hybrid safe. Part of the GBB program.
<b>Sledgehammer</b>	A/C	A double espresso shot of rapid cleaning detergents that delivers results. Exceeds OEM standards.
<b>TMK-Targeted Maintenance Kit</b>	A/C	A unique three-step kit that targets each area with specific chemistry for performance. Hybrid safe.
<b>3 Step GDI/PFI Kit</b>	A/C	The complete kit for GDI/PFI engines. Restores performance, fuel economy, and power.
<b>2 Step Fuel System Cleaning Kit</b>	A/C	Quick kit for fuel and induction cleaning to restore performance.
<b>Kleen-Rite Oil System Cleaner</b>	C	Concentrated formula designed to quickly remove oil system deposits as it circulates through the engine, allowing these to be drained with used engine oil during the oil change.
<b>Kleen-Rite Ultimate Engine Cleaning Detergent</b>	C	Improve your oil change. Improves performance of VVT engines. Restores power and reduces oil consumption.
<b>Run-Rite Premium Oil Stabilizer</b>	A	Provides the extra protection your car needs. Helps eliminate dry starts. Seals worn cylinders to slow oil consumption. Cools and quiets engines and gear boxes.
<b>Premium Synthetic Oil Stabilizer</b>	A	Improves fuel economy, reduces engine wear, and extends engine life. Helps protect against low-speed pre-ignition by improving oil stability and reducing oil flash off. Formulated for all engine oils and viscosities, including all low-viscosity oils. Specially designed for GDI and turbo/supercharged engines. Protects oil film strength and lubricity. Helps increase fuel economy, and reduces friction and wear.
<b>Forcefield Engine Protectant</b>	A	Unique organic friction modifiers reduce wear and improve fuel mileage. No Teflon or solids.
<b>Steer-Rite Premium Power Steering Fluid</b>	A	Keeps your car steering and performing right while reducing wear and noise (whining). Conditions seals.
<b>Steer-Rite Power Steering Fluid</b>	A	A premium power steering fluid designed to provide superior performance in extreme conditions.
<b>Steer-Rite Power Steering Kits</b>	A	Removes varnish and sludge deposits. Improves fluid circulation. Improves steering performance. Reduces wear and noise (whining). Conditions seals. Extends steering system life.
<b>Steer-Rite Synthetic Power Steering Fluid Kit</b>	A/C	A full synthetic power steering fluid for all vehicle applications. Simplify inventory.
<b>Shift-Rite Transmission Service Kit</b>	A/C	Extends the life and reliability of your transmission. Improves performance. Maintains warranty requirements. Promotes a more complete drain of used ATF and contaminants. Improves ATF circulation. Reduce heat, the No. 1 enemy of a transmission. Improves shift quality. Reduces wear. Improves lubrication of all transmission parts. Cleans and conditions seals.
<b>Cool-Rite Cooling System Kits</b>	A/C	Rapidly removes rust and scale and mineral deposits. Dissolves and disperses sludge, silical gel, and oil residues. Conditions and restores coolant. Increases the RA. Neutralizes acids. Prevents corrosion. Extends coolant system life. Adds value and profit to cooling system services.
<b>Battery Maintenance Kit</b>	A/C	Makes battery service profitable. Cleans and protects against corrosion on battery and cables. Protects electrical components.
<b>Professional Headlight Restoration Kit</b>	A/C	Designed to quickly restore and protect headlight surfaces, renewing the appearance and performance of the headlight. No UV cure, no multiple sanding.
<b>FAQ Service Solution</b>	A/C	FAQ Cabin Air Cleaning Solution is the fast and easy way to clean and freshen the HVAC system. Ask us about our cabin air filter program to increase sales. FAQ produces no harmful byproducts for the technician or the environment. It is free from ozone-harming VOCs and is 100% biodegradable. It is classified as a "broad spectrum disinfectant-cleaner" that is non-corrosive, non-irritating to skin, and requires no special handling instructions on its label.

# ITW PROFESSIONAL AUTOMOTIVE PRODUCTS / FULL THROTTLE™

800-255-8138

fullthrottleproducts.com

PRODUCT NAME	TYPE	PURPOSE/DESCRIPTION OF CAPABILITIES
FT2001A Full Throttle™ Complete Fuel System Cleaner	C	Cleans fuel system components from gas tank to exhaust, increasing air flow and restoring gas mileage and power while reducing exhaust emissions. Safe for all fuel and induction components.
FTK21 Full Throttle™ 2-Step GDI+ Complete Fuel System Cleaning Kit	C	Restores vehicle performance by cleaning away harmful deposit buildup from fuel injectors, intake ports, and valves, combustion chambers, and piston tops.
FTPKS2 Full Throttle™ Fuel System Cleaning 2-Step Kit	A/C	Delivers a deep fuel system cleaning to improve engine performance, increase fuel economy, and reduce vehicle emissions. Removes deposits on fuel injectors and PFI intake valves while eliminating rough idling, misfiring, and power loss.
FTPK30 Full Throttle™ 3-Step Complete Fuel System Cleaning Kit	C	Removes the toughest hard gum, sludge, carbon, and varnish deposits by cleaning buildup from the entire fuel system.
FTPO40 Full Throttle™ Oil System Cleaner	C	Provides extra protection at every oil change to guard against engine wear, clean the oil system, remove harmful deposits, and protect the new oil from contamination of old oil residue.
FT40206 Full Throttle™ Engine Treatment & High Mileage Enhancer	A	Extends engine life and performance by improving the lubrication, protection, and cleaning properties of engine oil. Contains ashless anti-wear protection and prevents oil breakdown.
FT40203 Full Throttle™ Internal Engine Cleaner	C	Removes harmful sludge and contaminants from the engine's oil system to give new oil a fresh start. Ideal for use in vehicles where the oil change intervals have been extended or if service intervals are unknown.
FT83401 Full Throttle™ High Mileage Oil Enhancer	A	Converts conventional, semi-synthetic, and full synthetic oils to a high mileage oil. Reduces oil consumption, refreshes seals and gaskets, and reduces friction and wear.
FT10603A Full Throttle™ Continuously Variable Transmission Fluid	A	Optimizes performance, inhibits corrosion, and extends the life of transmissions. Prevents sludge and varnish buildup with strong anti-wear protection, and high shear stability.
FTPK60 Full Throttle™ 2-Step Automatic Transmission Fluid Kit	A/C	Provides a full cleaning and treatment for automatic transmissions. Designed help remove harmful oxidation, sludge, varnish, and wear-metal deposits, while revitalizing seals, O-rings, and helping prevent corrosion.
FT80085 & FT84 Full Throttle™ Multi-Vehicle Power Steering Fluid	A	Protects power steering components, reducing friction, providing wear protection, and resisting heat and oxidation for longer fluid life.
FTK80090 Full Throttle™ Power Steering 2-Step Kit	A/C	Cleans and removes impurities from the system, revitalizes seals and O-rings, and helps extend the life of power steering components. Restores performance any power steering system in which conventional power steering fluid is recommended
FT50100B & FT50101 DOT 4 Motor Vehicle Brake Fluid	A	Improves seal life and performance while preventing corrosion, moisture absorption, and delivers a controlled viscosity over a wide range of temperatures. Conforms to Federal Motor Vehicle Safety Standard No. 116, SAE J1074 and ISO 4925.
FTPK50 Universal Cooling Exchange Cleaner Kit	A/C	Delivers a deep system cleaning removing scales, grime, grease, dirt, and solder in the cooling system. Protects against coolant loss, helps stop common radiator, and coolant leaks, and will not clog radiator cores.

PRODUCT NAME	TYPE	PURPOSE/DESCRIPTION OF CAPABILITIES
A/C Refresher Kit CL120	C	Mighty VS7 A/C Refresher Kit cleans mold, mildew, and bacteria from the evaporator, then cleans and eliminates odors from the interior of a vehicle.
Battery Cleaner/Acid Detector MN112	C	Mighty VS7 Battery Cleaner and Acid Detector is designed to help protect battery terminals, clamps, and connectors. It removes corrosion from these areas and can also locate acid leaks.
Battery Protector/Corrosion Inhibitor MN113	C	Mighty VS7 Battery Terminal Protector is designed to protect vital battery components and also inhibit corrosion on battery terminals. This soft pliable formula flows into cracks and crevices for the ultimate protection.
Complete Engine Clean OL106	C	Mighty VS7 Engine Clean removes virtually all old oil and sludge deposits from the engine and promotes smoother performance and extended engine life. It is safe for all oil changes, including synthetics and semi-synthetics.
Coolant & Conditioner Kit CL108	A/C	Mighty VS7 Coolant two-step treatment is designed to clean and condition all cooling systems. The formulas are compatible with all coolants, including, regular and extended-life antifreeze. Step one thoroughly cleans the cooling system, and step two lubricates the water pump and conditions the system by providing additional corrosion inhibitors, which help minimize rust and scale.
Engine Shield OL150	A	Mighty VS7 Engine Shield with advanced fluoro-ceramic technology is specially formulated to provide unsurpassed extreme protection of vital engine parts and components above and beyond synthetic, synthetic blend and conventional engine oils. Cermilon is a fluoro-ceramic polymer that treats porous areas in metal surfaces creating a fluoro-ceramic shield providing for extreme friction reduction.
Foaming Throttle Plate Cleaner FL110	C	Mighty VS7 Foaming Throttle Plate Cleaner is a special blend of solvents that quickly removes gums, resins, and varnish from both sides of the throttle plate to help correct rough idle and stalling problems. Unique foaming action penetrates hard-to-reach areas without scrubbing.
Fusion 2-Step Ultimate Fuel System Cleaning Service SB500	A/C	Mighty VS7 Complete Intake System Cleaning removes carbon buildup and cleans the upper engine and intake systems. Dual Tech Tank Additive removes fuel-related deposits. Ideal for GDI engines.
GDI Solution Kit SB600	A/C	Mighty VS7 GDI Solution Kit is designed to safely and effectively clean carbon and buildup in GDI fuel systems using cutting edge enhanced technology. Targets the intake, valves, pistons, fuel injectors, and oil system. Addresses inherent problems and restores loss of power and drivability issues throughout the entire fuel system.
High Mileage Oil Treatment OL107	A	Mighty VS7 High Mileage Treatment helps restore performance in older cars. Reduces oil consumption and exhaust smoking. Helps quiet noisy engines. Restores compression, helping to seal worn rings. Reduces oil fouling of spark plugs.
Hood and Door Latch Lubricant MN111	C	Mighty VS7 Hood and Door Latch Lubricant penetrates deep into the tightest areas. As this product dries, it turns into a gel that keeps hood and door latches lubricated to ease opening and closing.
Power 2D 2-Step Engine Revitalizer SB400	A/C	Mighty VS7 Power 2D cleans the total fuel system, including intake valve seats, compression chambers, fuel injectors and fuel lines in two easy steps. Power 2D helps return compression to factory levels, increasing power and performance while reducing emissions and protecting against carbon buildup.
Professional Fuel Injector Cleaner FL135	C	Mighty VS7 Professional Fuel Injector Cleaner cleans fuel injectors, combustion chambers, intake valve seats, and spark plugs; restores power and performance; reduces harmful emissions; oxygen sensor safe.
Supreme Fuel System Cleaner FL108	C	Mighty VS7 Supreme Fuel Additive reduces pings and knocks. Cleans fuel and valve intake deposits. Helps to reduce emissions.
Synthetic 2-Step Power Steering Clean & Protect System Kit SB105	A/C	Mighty VS7 Power Steering Clean & Protect System Kit is a two-step process to clean and protect the power steering system. Step one safely cleans the system and removes harmful deposits. This process can be done with or without a flushing machine. Step two protects and prolongs fluid life.
Synthetic 2-Step Synthetic Transmission Clean and Fluid Protectant Kit SB100	A/C	Mighty VS7 Synthetic Transmission Clean and Fluid Protectant Kit is a two-step process to clean and protect the transmission system. This unique synthetic technology is safe for internal clutch and seal surfaces. Step one cleans the system and can be used with or without exchange equipment. Step two protects internal transmission parts, reduces heat, and extends fluid life.
Synthetic Limited Slip Differential Supplement SB106	A	Mighty VS7 Limited Slip provides superior protection against metal-to-metal wear and resists thermal breakdown. It will extend the life of the gear oil and help eliminate rear end chatter.
Synthetic Power Steering Fluid PS111	C	Mighty VS7 Synthetic Universal Power Steering Fluid is truly universal. It is designed for use in all power steering services/exchanges requiring regular power steering fluid or specialty high-performance lubricating fluids, such as CHF+ applications.
Syntramax Dual Tech Fuel System Cleaner SB304	C	Mighty VS7 Syntramax Advanced Dual Tech features PEA and PIBA microencapsulation cleaning soft and hard carbon deposit improving performance in one application. Removes performance-robbing deposits from fuel systems and combustion chambers. Reducing the octane requirement increase (ORI) helps reduce the need for high-octane fuel. Helps return fuel system performance to factory levels while reducing emissions and increasing performance.
Total Intake System Cleaner SB300	C	Mighty VS7 Total Intake Cleaners advanced GDI technology provides complete intake system cleaning by safely and effectively removing carbon buildup, cleaning a vehicle's upper engine and intake systems from the plenum to the catalytic converter. Application is quick and safe for all levels of technician.

**SERVICE PRO**  
Automotive Products

PRODUCT NAME	TYPE	PURPOSE/DESCRIPTION OF CAPABILITIES
2-Step Cooling System Re-Charge Kit	A/C	Cleans entire engine cooling system, water pump, and radiator, protecting against rust and scale. Eliminates overheating and can be used with all antifreeze/coolants, including long-life products.
2-Step Fuel Injection and Induction Tune-Up Kit	A/C	Formulated with powerful detergents for a total fuel system cleanup, including fuel injectors and intake runners, ports, and valves.
2-Step Synthetic Power Steering Fluid Tune-Up Kit	A/C	Removes old and contaminated fluid and conditions power steering system parts. Reduces pump noise.
2-Step Transmission Tune-Up Kit	A/C	Removes dirt and contaminants from internal automatic transmission parts. Conditions seals, valves, and rings. Restores smooth shifting and helps reduce wear.
3-Step Fuel Injection and Air Intake Cleaner Kit	A/C	Cleans harmful deposits and carbon from fuel system for increased power and acceleration. Will improve idle and air flow to reduce emissions.
Detailing Products	C	Professional fabric cleaner, instant shine, and organic all-purpose cleaner.
Engine and Oil System Cleaners	A/C	Professional use petroleum-based formula to safely remove used oil deposit. Safe for engine seals and bearings.
Engine Cleaner and Degreaser	C	Removes tough grease, oil, and grime for car, truck, and marine engines. Spray on and rinse off with water.
Fuel Injector Cleaners	A/C	Thoroughly removes and cleans gum, carbon, dirt and resin deposits. Improves power, acceleration, idling, and quicker starting, and reduces emissions.
Mass Air Flow Sensor Cleaner	C	Reduces rough idle and hesitation. Safe for plastic and delicate equipment.
Non-Chlorinated Brake Cleaners	C	Professional grade brake cleaners that clean without disassembly. Also available in ultraquick dry, non-flammable, and California VOC formulas.
Premium Glass Cleaner	C	Heavy duty foaming glass cleaner that clings to surfaces and is ammonia-free. Safe on tinted windows.
Professional Carburetor Cleaner	C	Professional strength formula that removes gum, varnish, carbon, dirt buildup, and much more.
Synthetic High Mileage Treatment & Oil Booster	A	Helps revitalize seals and gaskets, GF-6 compliant, and safe for GFI, PFI, hybrid, and diesel engines.

# SOLID START / TRUE BRAND

877-290-3950

www.solidstart.com

PRODUCT NAME	TYPE	PURPOSE/DESCRIPTION OF CAPABILITIES
Fuel Juels	C/A	The only time-released fuel treatment in the world. Restores fuel mileage, increases compression, fights ethanol problems, and removes water. Lasts up to 6,000 miles.
Fuel System Cleaner	C/A	Cleans the entire fuel system while improving combustion, increasing fuel mileage, reducing exhaust emissions, and safely removing water through the combustion process.
Advanced Intake Cleaner 2-Part Kit	C	Cleans and attacks harmful hard carbon deposits that build up and choke performance. Ideal for today's direct injection (GDI) engines. (Also sold separately.)
GDI Fuel System Cleaner	C/A	Provides aggressive two-stage cleaning for GDI engines from the gas tank to the exhaust; dissolves gums, varnish, and carbon deposits.
GDI Emissions & Crankcase System Cleaner	C	Safely addresses issues associated with modern, deposit-sensitive engines; cleans the PCV emissions system, dissolves crankcase varnish, sludge, and carbon deposits, and improves oil drain.
GDI Complete Clean 2-Step Kit	C/A	Requires no engine teardown. Protects GDI and PFI fuel systems against deposits, removes water and fights ethanol, cleans emissions control systems, induction systems, intake valves, injector tips, and combustion chambers.
MVP Protection Package	C/A	Fast. Easy. Profitable. Safely cleans deposit issues associated with today's deposit-sensitive engines, and protects the engine by reducing friction wear and heat stress.
Throttle Body & Air Intake Cleaner	C	Cleans the throttle valve, throttle body, idle air control valves, PCV valves, and other parts of the air induction system that have deposit accumulation.
Diesel Restore 2-Part Kit	C/A	Removes deposits from diesel fuel injectors and combustion chambers. Helps improve fuel flow and spray patterns. Increases horsepower and torque. Reduces emissions, diesel knock, and exhaust smoke, and fights moisture damage.
True Diesel Max	C/A	Increases horsepower and torque through improved diesel fuel combustion; also cleans the fuel system and fights moisture damage.
Engine Max	A	GF-6 compliant. Bonds to metal friction surfaces to reduce friction wear by 50% - 90%. Increases compression, reduces oil consumption, improves performance, and extends engine life.
Engine Clean Plus+	C	As effective as a one gallon engine clean service - save money, save service bay time, and space. Deep cleans and removes harmful deposits, contaminants from the engine oil system.
EMG (Engine Maintenance Guard)	C/A	Full-synthetic leave-in Engine Maintenance Guard actively removes harmful deposits from internal engine components, prevents future deposit formation, and shields against wear damage.
Hlgh Mileage Booster	A	GF-6 compliant formula fortifies all grades of engine oil with a concentrated blend of antioxidants, detergents, dispersants, and lubricants.
Power Steering Fluid 2-Part Kit	A	Meets OEM performance requirements for most automobiles. Leave-in power steering treatment reduces wear, foaming, and squeal, and extends system life.
Premium Sythetic Power Steering Fluid 2-Part Kit	A	Suitable for use in all power steering systems. Leave-in power steering treatment designed to reduce wear, foaming, and squeal, and extend power steering system life.
Coolant Clean & Protect 2-Step Kit	C/A	Breaks down and suspends rust, scale, and sediment without needing a neutralizer. Safe for plastic and aluminum. Corrosion and rust inhibitor technology protects cooling system metals such as iron, aluminum, copper, and solder. Safe for all types of coolant.
True Blue Washer Fluid Super Concentrate	C	Makes up to 550 gallons. Advanced hydrophobic technology repels water and powerfully cleans dust, dirt, road grime, and bugs under the most demanding conditions for streak-free driving visibility.
TrueCold A/C Performance Booster	C/A	The only product of its kind. Boosts A/C performance - A/C gets colder faster. Cleans and protects the A/C system, extends compressor life and reduces fuel usage, also helps diagnose A/C system leaks.
True Brand Headline Restoration Kit	C	Patented formula renews hazy headlights to like-new clarity. Increases visibility by up to 50%. Advanced formula leaves the clearest, hardest lens coating available for superior chemical, water, heat, and abrasion resistance.

**VALVOLINE**

800-TEAM-VAL

valvoline.com

**Professional Series**

PRODUCT NAME	TYPE	PURPOSE/DESCRIPTION OF CAPABILITIES
VPS All Season Heater and A/C Odor Eliminator	C	Reduces odor-causing microorganisms and harmful allergens from the heater and A/C systems; improves air quality.
VPS Anti-Corrosion Battery Service Kit	A	Neutralizes and eliminates accumulated and harmful corrosive elements; provides increased cranking efficiency.
VPS Automatic Transmission Service Kit	A/C	Provides smoother shifting; increases protection against wear and high-temperature breakdown; conditions seals; solvent-free technology.
VPS CVT Service Kit	A/C	Enhances overall transmission performance, facilitates smooth transitions, and protects against wear and high-temperature breakdowns.
VPS Complete Fuel System Treatment	A/C	E-85 compatible; cleans and protects entire fuel system in just one application; helps restore fuel economy, horsepower and overall drivability.
VPS Complete Oil System Cleaner	C	Helps restore fuel economy, horsepower, and engine efficiency; helps reduce harmful emissions and engine wear; solvent-free technology.
VPS Differential and Transfer Case Cleaner	C	Safe and effective detergent/dispersant-based cleaner that helps remove harmful deposits from the driveline systems; solvent-free technology.
VPS All Engine Clean First Defense Kit	A/C	Designed to remove hard-to-reach engine deposits in gasoline engines; helps improve injector flow and prevents misfires.
VPS All Engine Clean Fuel Rail Cleaner	C	Helps clean fuel injectors and removes deposits from combustion chambers; helps smooth rough idle and surging.
VPS Heavy Duty Fuel Rail Cleaner Kit	C	Helps restore fuel economy, horsepower and engine efficiency; helps reduce harmful emissions and engine wear; solvent-free technology.
VPS Light to Medium Duty Diesel Fuel Rail Cleaner	C	Helps restore fuel economy, power and overall drivability; helps reduce harmful particulate emissions and black smoke.
VPS Power Steering System Kit	A/C	Prevents and eliminates leaks, stiff steering, and pump noise; provides optimal steering performance; full-synthetic formula.
VPS Power Steering System Kit for Honda/Acura	A/C	Formula to meet Honda/Acura specifications; prevents and eliminates leaks, stiff steering, and pump noise; provides optimal steering performance; full-synthetic formula.
VPS Radiator Protector Pack	A/C	Removes rust, scale, and oily residue from entire cooling system; helps prevent engine boil-over and freeze-up; protects against rust and corrosion.
VPS Fuel Injector Cleaner	A/C	Advanced, updated formula helps improve maximum vehicle performance by improving engine efficiency and fuel economy, while decreasing rough idle, hesitation, and knocking.
VPS Top Treat Oil System Cleaner	C	Dissolves and removes sludge and deposits from the engine; prolongs engine life and helps restore engine efficiency; solvent-free technology.
VPS ULSD Diesel Fuel Treatment	C	ULSD compliant; cleans injectors; contains cetane improver and lubricity additive for enhanced performance; helps restore fuel economy, power, and overall drivability.
